Max Gruber Prize 2016

The Max Gruber Prize is awarded biannually to the best peer reviewed publication, produced by a PhD student of the University of Groningen in Biochemistry or Cell Biology.

Award ceremony

Speakers

Dr. Jelle Slager
Molecular Genetics, GBB
University of Groningen

‘Antibiotic-induced replication stress triggers bacterial competence by increasing gene dosage near the origin’

Dr. Balaji Srinivasan
Cell Biology
University Medical Center Groningen

‘Extracellular 4′-phosphopantetheine is a source for intracellular coenzyme A synthesis’
(Nature Chemical Biology 2015 : 1-12)

Dr. Georges Janssens
Cellular Biochemistry, ERIBA
University Medical Center Groningen

‘Protein biogenesis machinery is a driver of replicative aging in yeast’
(eLIFE 2015, 4 : 1-24)

Date       Friday, February 17, 2017
Time       16.00 hrs
Location   Bernoulliborg, Nijenborgh 9, room 5161.0151
Host       Max Gruber Foundation
